School Overview

Jimboomba State School is a large rural school on the southern edge of Brisbane. The school draws students from a variety of home backgrounds, from acreage properties to average house blocks. The economic situation of our families is changing as new work opportunities appear. We have a large Special Education Programme facility on site catering for students with disabilities. These students are included in the general class population but supported through the Special Education Program. Students are offered a varied curriculum, one that is engaging, child centred and child focused. Support is given to students who require additional assistance, through class activities, Learning Support staff and parent volunteers. Our gifted and talented students are offered activities in a variety of areas - dance, drama, music, science, visual arts, debating, Information and Communication Technologies. Our students participate in a variety of sports including rugby league - both boys and girls, water polo, AFL, soccer, netball and touch football, amongst others.

Principal's Foreword

Introduction

As a school, 2017 was the 8th year of our involvement and implementation of the Australian Curriculum. All year levels have studied the learning areas of English, Mathematics, Science, History and Geography, based on the Australian Curriculum's Content Descriptors and Achievement Standards. Every staff member has been involved in Professional development with a focus on developing reading skills in our students.

Working to provide enrichment programs for our students across all learning areas is an integral part of our commitment to our students.

2016 saw the implementation and refinement of the Fountas and Pinnell Reading Program, with integral components of the program continuing to be cemented into the whole school focus.

1. BAS (Benchmark Assessment System) has continued to provide a whole school reading assessment at JSS. In response to the BAS data we have continued to implement a range of support and extension programs for our students. There has been an extensive implementation program of consistency describing reading behaviours and actions. There has been continued professional development of Teachers and Teacher Aides to create whole school consistency of language and practice.

2. LLI (Levelled Literacy Intervention) and LLE (Levelled Literacy Extension), the Intervention program is implemented by Teacher Aides, using levelled resources for explicit instruction of students, who need intervention. The Extension program has now been implemented by teachers, again using levelled resources to extend students reading ability.

The school has continued to have a well-developed and supported sporting program, with students selected to represent all levels including Regional and State teams. We have continued to have a strong music program, with a large choir of approx. 80 students, including a junior choir made up from just Year 2 students, a Strings Band, Junior and Senior Bands and Percussion Band. All have participated in various musical events throughout the year including, music camps, gala days, concerts and continue to be strongly supported by our school community.

Our school continues to improve and beautify our grounds, supported by our grounds staff. We have installed air conditioning in half of our classrooms, with the other half of the school due to have air con in the near future. There has been a number of new gardens and trees, concreted pathways and all round improvement of our physical environment. There has been a continued program to have buildings and classrooms repainted and new carpet installed to improve teaching and learning space.

Professional Development for all staff has continued throughout the year which included Code of Conduct, Positive Behaviour for Learning (PBL) Program has also continued to be enhanced. There has been a strong focus on developing teacher capacity around Reading. We have continued to support staff in finding a work life balance and in voice training.

NAIDOC was celebrated, involving all students across the school in a number of activities that involved indigenous performers and activities.

School Progress towards its goals in 2017

Priority	Strategy	Actions	Progress
Reading	Continued implementation of the Fountas and Pinnell Reading Program	Continued Professional Development with teachers/Aides in the reading programme developed, on planning days Analysis of diagnostic data to inform reading focus, for individual students, by all class teachers. Consistent documentation of relevant data on student progress on One School. Reading goals developed by teachers and students. Continued use of short term data cycles, across the whole school, around reading behaviours.	Continued improvement in reading across the school
Writing	After review of whole school Writing Program introduction of Seven Steps.	Implementation of the Seven Steps Writing program, with Professional Development for Teachers at Planning Days. Implementation across the school	
Numeracy	Continued refinement of whole school Maths Program.	Teachers have continued to refine Maths Program with expectations of what students need to master.	Full Implementation, continued P.
Behaviour	Continued review of process and alignment to PBL	Continued alignment of Tier 2 to PBL and fit for the school.	

Jimboomba S.S. Explicit Improvement Agenda 2018

Reading	Differentiation
<ul style="list-style-type: none"> • Embed the Jimboomba close reading process - cold and annotated; • Implement comprehension strategies using the Fountas and Pinnell (F&P) strategic actions reading wheel; • Implement Jimboomba S.S. impact cycle to support mentoring around "Close reading"; • Create visible learning displays in English for each unit using Know and Do charts; and • Implement a student monitoring targets process in English as guided by C2C planning - reading and writing to monitor levels of performance in A-C data 	<ul style="list-style-type: none"> • Develop SMART goals aligned to the literacy continuum cluster markers to monitor and track student progress in reading and comprehension. • Use F and P reading behaviours and the literacy continuum to create student reading goals • Unpack the GTMJ to develop a clear understanding of assessment criteria and achievement standards - Use terminology "Aiming for an A" to develop high expectations of all students

Priority 1: Reading

Priority 2: Differentiation

Our School at a Glance

School Profile

Coeducational or single sex:	Coeducational
Independent Public School:	No
Year levels offered in 2017:	Prep Year - Year 6
Student enrolments for this school:	

	Total	Girls	Boys	Indigenous	Enrolment Continuity (Feb – Nov)
2015	748	341	407	58	94%
2016	769	351	418	56	93%
2017	807	369	438	81	94%

Student counts are based on the Census (August) enrolment collection.

In 2017, there were no students enrolled in a pre-Prep** program.

** pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<https://qed.qld.gov.au/earlychildhood/families/pre-prep-indigenous>).

Characteristics of the Student Body

Overview

Students at Jimboomba SS come from various socio-economic and cultural backgrounds. Most are of Anglo-Saxon descent, with a minority of the student body tracing their recent national ethnicity to New Zealand and Japan. Indigenous groups, from Torres Strait and Aboriginal Family groupings, make up the largest minority grouping, within the student body. Most students reside in semi-rural properties from 1 to 10 acres. The makeup of Jimboomba, Cedar Vale, Cedar Grove, Flagstone, and Logan Village is changing, along with the rest of Logan City, with increased development and small allotment housing. Most of the students indicate Beaudesert State High School or Flagstone Community College as their preferred destination, for the beginning of their Secondary Phase of Schooling. The number of students, who come from Double Income families, is decreasing, with the number of single parent families increasing. Many families rely on contract work which makes up a substantial part of the income stream. As the cost of rent, transport and job opportunities become higher many of our families are under financial stress. This has had a direct impact on a student population that has a high level of transience, where families are looking for better public transport, cheaper accommodation and better job opportunities.

Average Class Sizes

The following table shows the average class size information for each phase of schooling.

AVERAGE CLASS SIZES			
Phase	2015	2016	2017
Prep – Year 3	25	23	24
Year 4 – Year 6	24	23	26
Year 7 – Year 10			
Year 11 – Year 12			

Curriculum Delivery

Our Approach to Curriculum Delivery

- * Follow ACARA and report against the achievement standards for each year level.
- * Implemented specific reading strategies across all year levels
- * Dedicated Science teacher for Physics and Chemistry strands of Science.*
- * Leadership program in Year 6
- * Aquatics program Prep – 6, utilising our own pool, incorporating water polo, lifesaving and snorkelling (for Year 6s).
- * Instrumental music program offering woodwind, brass, percussion and strings.
- * Band and choir performances to parents, as well as to community groups.
- * Outdoor Education program incorporating camps for students in Years 4 -6 (featuring a Year 6 Southern Tour to Sydney, Canberra and snowfields.)
- * Year level competitions in Maths problem solving, debating and spelling.
- * Use of technology across the school, including 2 computer labs.
- * Jimboomba Jump Start programme for pre-prep students assisting them with the transition to school.

Co-curricular Activities

- * Chess Club – students compete in chess tournaments within and outside the school.
- * Playground Leaders program which involves Year 6 students assisting at play times
- * High level of students participating in school, district, regional, state and national sporting competitions.
- * School participation in community ANZAC Day march.
- * Musical performances/Junior and senior bands, junior and senior choir, junior and senior strings
- * Water polo and touch football House competition.

How Information and Communication Technologies are used to Assist Learning

All teachers at Jimboomba have been issued with a laptop from the Laptops for Teachers scheme which has enabled many lessons to be delivered via computer technology. The inclusion, of data projectors and interactive white boards into all classrooms, has enabled teachers to use the latest interactive tools and lessons to engage the students. The subscription, for students from Prep to Year 6, to Mathletics continues to engage learners with Maths, in a digital world. Access to Reading Eggs enables students, at school and home, to use a digital platform to enhance their reading and comprehension ability. The percentage of students, who accessed Mathletics and Reading Eggs at home, was very encouraging. Students also have access to iPads to enhance their digital learning and skills in literacy, numeracy and science.

Social Climate

Overview

The school climate is one of support, recognition of achievements and encouragement for all. It has a very positive behaviour management policy which incorporates: Continued implementation of the Positive Behaviour for Learning Programme (PBL) across the school. Extensive use of specialist staff and outside agencies to support students. A “Zero Tolerance to Bullying” policy. “Friendly Families”, Values’ programmes to facilitate social skilling for students. Positive Behaviour recognition days for students. Supported lunches for Students with Disabilities. The school chaplain has had very positive outcomes through his support of parents, students and staff. He works here two days per week within the school. In 2017, the School Opinion Survey Data revealed that 94% of parents surveyed thought Jimboomba State School provided a good education, was a good school and that they were safe.

* Nationally agreed student and parent/caregiver items

'Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

DW = Data withheld to ensure confidentiality.

Parent and community engagement

Jimboomba State School enjoys the support of a number of parents, who volunteer their time and skills to support teaching and learning, in our school. Parents are encouraged to volunteer to assist with student learning in classrooms across the school, and units of work are celebrated with parent invitations such as Mother's Day Morning Tea, Father's Day night event, and Grandparent's Day. The Principal delivers a comprehensive report at monthly P&C meetings and there is strong parental involvement in Tuckshop, on-site Uniform Shop, school discos twice a year and the monthly Jimboomba Country Markets.

School newsletters are delivered to all families on a fortnightly basis, via the school web site, email or hard copy, and special displays, in the Library and school office foyers, attract a large number of students and parents. The school's Facebook page enables parents to have up-to-date notifications about their child's education and events at the school. Our digital display, in the front foyer, entertains all visitors to the school, with the latest photos from school events and activities.

Training, in Reading Readiness, is offered to interested parents by the school Learning Support teacher and parents, who are trained, support students in the earlier years with their language and speech. Parents are encouraged to attend formal and informal parent/teacher reporting sessions across the year to discuss student progress. Twice a year, parents of students with identified disabilities are invited to attend Individual Learning Plan and Individual Support Plan meetings.

Parents are invited to attend Reading strategy, information evenings on the same night as parent, teacher interviews.

Respectful relationships programs

The school has continued to have Braveheart's present to students in lower school, to discuss personal safety and awareness.

Through the development of the school's PBL (Positive Behaviour for Learning) programs, lessons have been developed around the skills students need to resolve conflict without violence and to be able to recognise when and how to react and report situations where they are not comfortable and need help. The school has a qualified school nurse come in and speak to the year 6 students about personal health and development as they move to high school.

The school has developed and implemented a program/or programs that focus on appropriate, respectful, equitable and healthy relationships.

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2015	2016	2017
Short Suspensions – 1 to 10 days	85	88	87
Long Suspensions – 11 to 20 days	0	0	0
Exclusions	1	0	1
Cancellations of Enrolment	0	0	0

Environmental Footprint

Reducing the school's environmental footprint

The school has made a conscious effort to have plumbing problems fixed immediately and to conserve water when possible.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	244,583	3,267
2015-2016	191,980	906
2016-2017	308,373	3,825

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

School Funding

School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the *My School* website at <http://www.myschool.edu.au/>.

To access our income details, click on the *My School* link above. You will then be taken to the *My School* website with the following 'Find a school' text box.

**Graduate Diploma etc. includes Graduate Diploma, Bachelor Honours Degree, and Graduate Certificate.

Professional Development

Expenditure On and Teacher Participation in Professional Development

The total funds expended on teacher professional development in 2017 were \$ 32297

The major professional development initiatives are as follows:

Reading and Comprehension workshops

Fountas and Pinnell training (reading programme)

Positive Behaviour for learning workshops

Fountas & Pinnell Reading Behaviours in-service

Beginning Teacher Workshops

Mathletics and Reading Eggs workshops

Early Years Training

Technologies (Class Dojo)

LLI Teacher and Teacher Aide Training

Reading and Spelling consistency of practice across the school

Professional Observation –standards across the school

The proportion of the teaching staff involved in professional development activities during 2016 was 100%

Staff Attendance and Retention

Staff attendance

Description	AVERAGE STAFF ATTENDANCE (%)		
	2015	2016	2017
Staff attendance for permanent and temporary staff and school leaders.	95%	96%	95%

Proportion of Staff Retained from the Previous School Year

From the end of the previous school year, 90% of staff was retained by the school for the entire 2017.

Key Student Outcomes

Student Attendance

Student attendance

The table below shows the attendance information for all students at this school:

STUDENT ATTENDANCE 2017			
Description	2015	2016	2017
The overall attendance rate* for the students at this school (shown as a percentage).	92%	92%	92%
The attendance rate for Indigenous students at this school (shown as a percentage).	93%	93%	93%

*The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall student attendance rate in 2017 for all Queensland Primary schools was 93%.

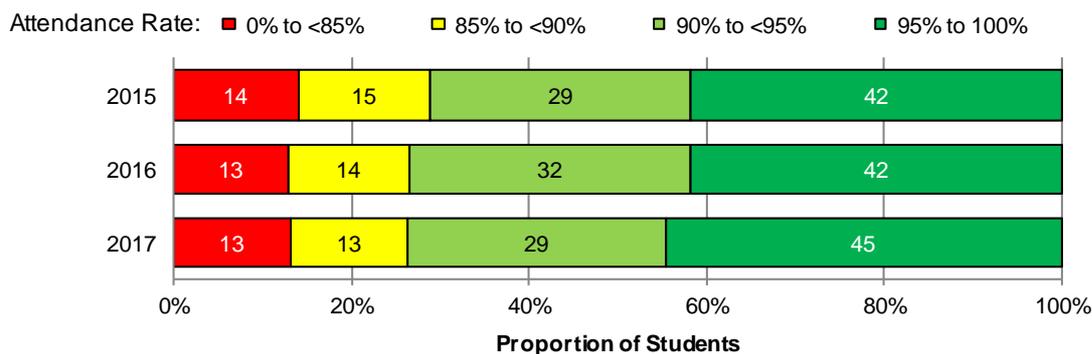

AVERAGE STUDENT ATTENDANCE RATE* (%) FOR EACH YEAR LEVEL													
Year Level	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12
2015	93%	93%	90%	93%	93%	91%	92%						
2016	92%	91%	94%	90%	93%	93%	92%						
2017	93%	92%	93%	93%	91%	93%	92%						

*Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

Student Attendance Distribution

The proportions of students by attendance range:

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the Department of Education procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Students, who are identified by their class teacher or office personnel as having been absent for longer than three days, without notification of reason, are contacted by the class teacher. Attendance, of a student, that continues to be flagged as of concern is then brought to the attention of the Deputy Principal in charge of the area of school. Parents are called to explain and are given the information re: requirements of compulsory participation. Continual absences are followed by formal letters. We also involve our school Guidance Officer, Behaviour Support Teacher and School Chaplain to work with the families, and the school, to assist with student attendance. District Office is notified if all efforts, from the school, are unsuccessful (in making contact with the family or attendance is not improved) Rolls are marked twice a day, in the morning and in the afternoon, using One School. Late students are required to collect a late slip from the Administration Office. Students leaving early are signed out via the Administration Staff, before being collected or sent for. All staff received instructions on the correct way to mark electronic rolls, in accordance with audit requirements of the Department of Education and Training, Queensland.

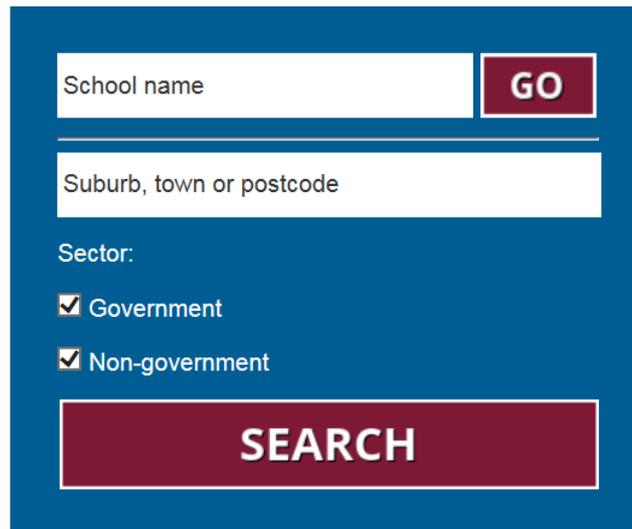

In 2016, we are implementing QParents so parents will have access One School to document absences.

NAPLAN

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the My School link above. You will then be taken to the My School website with the following **'Find a school' text box**.

Find a school

The image shows a search form titled "Find a school" with a blue background. It contains the following elements:

- A text input field labeled "School name" with a red "GO" button to its right.
- A text input field labeled "Suburb, town or postcode".
- A "Sector:" label followed by two checked checkboxes: "Government" and "Non-government".
- A large red button with the word "SEARCH" in white capital letters.

Where it states **'School name'**, type in the name of the school you wish to view, select the school from the drop-down list and select <GO>. Read and follow the instructions on the next screen; you will be asked to confirm that you are not a robot then by clicking continue, you acknowledge that you have read, accepted and agree to the **Terms of Use** and **Privacy Policy** before being given access to the school's *profile* webpage.

School NAPLAN information is available by selecting **'NAPLAN'** in the menu box in the top left corner of the school's profile webpage. If you are unable to access the internet, please contact the school for a paper copy of our school's NAPLAN results.
